

BRANDOM KITCHENS &
BATH DESIGN CENTRE INC.

Celebrates 30 Year!

(L-R : Carolyn Orr, Sandy Gillan, John Vonk, Arnold Smithson, Tony Positano, Jim Laing, Paul Liscio, Shana Joshua)

Over the past 30 years, Brandom Kitchens and Bath has built a successful business serving the Durham Region with the highest level of workmanship.

As a one-stop shop, Brandom Kitchens and Bath provides customers with peace of mind, offering services from the start of a renovation until completion.

"We can do the full renovation or whatever your budget allows. Our customers let us know what their needs are and we accommodate

accordingly" says Tony Positano, President. "We are proud to have provided renovations for the people of Durham Region for 30 years".

Boasting a 9,000 square foot showroom with plenty of samples to choose from; no matter what your design style. Brandom's state of the art computer design program allows customers to see their project in 3D before it even begins. "Our designers & coordinator work with our customers every step of the way to ensure a successful renovation. Peace of mind is our goal", says Tony.

Brandom renovation crews take care and pride in installing kitchens and bathrooms. With the highest of standards, all work, including electrical and plumbing meet code requirements.

With Brandom, each home is visited and each project is handled with care. From the design phase, to electrical, drywall, flooring, plumbing and installation of the new kitchen or bath, customers can sit back and watch their renovation dreams come true.

Opening Day September 20, 1989
